Dear Love,

It's a beautiful day because you are in it and making every day as lovely as you are. I fell in love with you. We were playing truth or dare. I don't know what made me fall in love with you, but from then on I fell in stronger and deeper. On the 12th of June, 2018, I proposed to you, and you didn't accept me. It's okay. But look at us now 6 years later. Here we are. We have held our hands now and plan on getting married.

Love. That word. Love. You gave me the definition of it, you gave me the meaning of it, you showed me what it is, you made me experience what love is. You gave your love to me. You made us feel every single thing in love. Now, I always believed that love is a sacrifice. I don't know why, but it was always there. Will I have to sacrifice you? Is it how it ends? The person who showed me what love is will the same person end this chapter? Love.

Now if you ask, do I deserve you?, probably not. You and I, we both know that we are not that of a great person. You always cry for me. Someday that water will get empty. You'll stop crying. You'll realize how bad of a person I am. Then you'll start to hate me, slowly but you will. Then it's a bad ending. But there are alternatives to this also. The best alternative is that we both get married and have a beautiful family.

Do I deserve love? You tell me. It's left to you. All of the things make me fall in love with you a lot. Every kiss you gave. When you're done kissing me, you give those eyes and tell me to marry you. The way you hold your pen, the way you put your hand in your hair when we are on FaceTime calls, the way you turn around and start walking. Everything you do, do I deserve to see those or not.

Everytime we fight, you regret the choice you made. You regret choosing me. I never want you to regret what happened between us. So if we say we had to part ways, I don't want it to end in a fight. It shouldn't carry any regrets. I really hope it doesn't come down to what I wrote in this paragraph.

I'm planning on sending this letter to you on 10th September 2024. Marking it our 6-month anniversary. Baby, it's been 6 months we made it this far, and 60 years is more. That's a long way, but I know it will go very fast when I'm spending my life with you. I have got you, and I shall always continue to cherish every moment of your existence.

So to celebrate this day, I'm giving you the following gifts:

Unicorn plush: You are unique, and I love your nose. Just like a unicorn, you have a long horn that is your nose.

KitKat Dark Chocolate: You eat dark chocolate, so I always give you Amul dark chocolate for things to be different. So I'm giving you this. Also, the other day, you asked me to buy this, but Shashank was with us, so I didn't.

Angry Birds Stickers: This is self-explanatory. You are always angry, you jump like a bird, you fly like a bird, and you're pretty cute like a bird.

Unicorn Key Chain: There are three reasons why I chose this. First, it was unicorn, so I took it. Then the color, purple. You had asked me to get purple roses, but I didn't find them, so instead, I brought you this. Third, because I have all your key chains with me, I'm getting you this new one.

Small sticky notes: Because you love them, and I found these small ones, I think you'll find them cute. And I have included a normal one too for extra happiness.

Four Unicorn sticky notes: I had to choose from various types of sticky notes, including cute, transparent, black, and luxurious. On August 28th, I asked you multiple questions and based on them, I selected this one. The reviews were positive. Having four sticky notes is better than one, so I got this for you.

Unicorn Bubble fun jr.: I was at more, and I went to the stationary section. Guess what I found? Unicorn bubble. As soon as I saw the unicorn, I knew I had to pick it up and give it to you. These are kids. You are just like a kid.

Without you, how will I survive ?
Without your air, how will I breathe ?
How can I be without love?
It feels like my house is your heart.
What do you feel?

I know the past 5 days have been like hell, hurt so much. Things have taken a turn for the worse. I stood strong for love, and now you're giving up on me. I understand that I haven't been perfect, but please keep the faith that I'll always be by your side. Every time we fight, you regret being with me. I want you to be proud of having me, not like it was a choice you made. It should be a genuine love, a love that won't falter even when we're at our lowest. But even then, you'll regret being with me. I don't want to be thinking this way. If you need time, take as much as you want, I'll be around. Figure things out, take your time. Think it through. I'm here and always. I can do only one thing perfectly, loving you, that also, I can't express the love for you properly. I have work on it. You work on us. Thank you. Love you, baby.

Why did I do this? Why did I write this? My answer is to see a smile on your face, that beautiful smile on your pretty face. I know for a fact that this will bring joy, so here I am writing this knowing this is going to make you happy. Maybe this is love, how far a man goes to bring you a smile. I hope you like this baby ma. I love you baby, मुझे तुमसे प्यार है, मेरी जान, నాను నిన్నన్న ప్రీతిసుత్రేనే మగు, నేను నిన్ను ప్రేమిస్తున్నాను బేబీ, கூട്ടി, ഞാൻ നിന്നെ സ്നേഹിക്കുന്നു, je t'aime bébé, ཕྱི་དཀེལ་མེད་ཀྱི་ཁྱེད་ཀྱི་མེད་ཀྱི་, te amo, cariño, أحبك يا عزيزتي, eu te amo bebê, ベイビー、愛してるよ, te amo infantem, 我愛你寶貝, நான் உன்னை நேசிக்கிறேன் குழந்தை, میں تم سے پیار کرتا ہوں, ཁྱེད་ཀྱི་ཕྱི་དཀེལ་མེད་ཀྱི་ཁྱེད་ཀྱི་མེད་ཀྱི་, σε αγαπώ µωρό µου, ich liebe dich, Baby.

I asked chatgpt to tell something about our relationship. This is what it said: You both look comfortable and joyful together, with genuine smiles that radiate positivity. The relaxed setting and close proximity suggest a strong bond and affection between you two. Genuine Connection: The smiles and eye contact indicate a genuine connection. It seems like you enjoy each other's company, which reflects in your expressions. Casual and Comfortable: Both of you are dressed casually, which gives off a vibe of comfort and ease. This suggests that you're relaxed around each other and that your relationship has a sense of naturalness. Fun Moment: Making the moments feel playful and carefree. Overall, you two look happy and content together, which is a beautiful reflection of your relationship. The image conveys warmth, joy, and companionship.

Also, I will put this letter on the website in case you have burnt the letter when you were mad at me. By reading the letter, you might have thought my English is so well, but no. It has been proofread for any grammar or spelling mistakes by Apple Intelligence. Thank you baby. This is your boyfriend.

Sincerely yours,
